We would like to offer your child the opportunity to participate in the Food for Kids program this school year. This program is no cost to you and has many benefits for your child and family!

The Food for Kids program will provide your child with a bag of nutritious, child-friendly food to last during weekends away from school. Your child will receive his/her bag in a discrete way every Friday.

As well as food, your child's backpack will often contain referral information for places you can request help with items such as food, school supplies, help with paying utilities, and so on.

In today's economy, we understand it's important as ever to have every advantage your family and child can possibly have. That's why we'd like to offer you this opportunity!
