For all sales both online and in person, payments are made via bulk payment process through PAYPAL. We will use the email you have under your Kids Klostet seller account when you registered unless you provide a new email address when you drop off your items. It takes approximately 5-8 days after buyer pick up (for online sales) and final day of sale (for in person events) for payments to launch from PAYPAL.

NOTE: Base commission is slightly lower in NY sales due to the difference in event costs in NY vs. NC
