PHOTO TIPS FOR YOU

You know what they say.... A picture is worth a thousand words.

That is certainly true when it comes to online selling.

#1

CLEAR THE CLUTTER:

Make sure your background is free of other items. You want **ONLY** the item you are selling to show in the picture

#2

PICTURE DIRECTION:

You want to take your pictures vertical, not horizontal

#3

LIGHT AND BRIGHT:

Use **GOOD** lighting. It makes a **BIG** difference in the quality of your pictures

#4

IPHONES and Tablets are great for taking pictures. Make sure your settings are set to "most compatible"

#5

CONSIDER COLLAGES:

Collage Apps are great for combining pics from varying angles. Showcase **MORE** of your item that way!

#6

PHONE ENTRY:

Your phone is a quick way to enter items and snap a pic to attach in a flash
