Welcome to Agyrtis Private Money Lending

Hey, this is Tracy, I just ran into a couple million dollars with a friend of mine, and we want me to help him get it lent out. Are you currently on the market for funding? Any deals in the works that you need money for? Or, any free & clear assets that you'd maybe like to leverage with a cash-out refinance on? We are your choice for alternative non conventional financing needs.

Agyrtis private money lending is the best source for investment/private money loans. Like many private money lenders, we are an asset based lender. As a full service lending company, we're able to offer funding and structuring of loans for investors nationwide for non-owner occupied residential, multi-family, and commercial properties. Our firm is growing by leaps and bounds, getting us recognized as one of the best hard money lender brokers in the United States.

You may access all loan docs on www.agyrtis.com or call to speak to our loan originators. We have around 140 programs to draw from for all your alternative financing needs.

Successes!

Agyrtis is excited to share that we were just put a Veteran seller and Veteran buyer together which is helping both move forward with their futures. Its humbling to help when we can!
