Can you find our May special?

As we enjoy our weekend at the mountains, beach, the ballpark, the barbecue and with our friends and families...please stop for a moment and remember those who gave everything for our freedom.

Wishing everyone a safe and enjoyable holiday weekend!

A business line of credit gives you a credit line that you can draw from at any time. You pay interest only on the funds you draw. And as soon as you pay back what you've borrowed, that money becomes available again.

- Provides more flexibility than a Term Loan
- Typically does not require collateral
- Can carry additional costs, such as maintenance and draw fees
- Requires strong credit
- Best for short-term needs
- Best for seasonal businesses or businesses with tumultuous cash flow

Merchant Cash Advances offers quick funds in 2-5 business days for acquisition of equipment and other business enhancements. This is NOT for a new business as financing is based on 3 most recent months average deposits with a multiplier based on years in business and borrowers credit.

There are quite a few other options which we can discuss which is the best fit for your particular business growth needs.
