### [Reiki for Financial Freedom Program](#)

My goal as a Reiki Master is always to help you flourish and lead a more positive life through Reiki. And, whether we like to admit it or

not, one of the most important components of a positive life is financial freedom. Financial freedom, or financial prosperity, allows you to have all of your basic needs met so you can move forward with your spiritual development without worrying how to make ends meet.

This series of videos offers 3 different groups of never before seen Reiki videos to help you form a new relationship with money and prosperity. These videos have extra energy and new symbols not found in my YouTube videos. Group A is the core group of videos to help you jumpstart this change; Groups B and C have additional videos that enhance the process – like the icing on top of a cake. Besides the Reiki videos, you will also receive, 1 instructional video, a prosperity meditation, and a handout with suggestions and ideas to keep you motivated and moving forward. To see the list of new videos, go to this [link](#).

### Abundance Grid

I love to use crystals to aid me with abundance, prosperity, and wealth. The grid above was created for abundance and I hope it helps all of you. The table was a lovely gift from [Dawn Tarr](#). She has amazing artwork on [Etsy](#) and each one is filled with positive energy.

This grids starts off with the Flower of Life Grid painted in gold by Dawn. Gold is a color associated with prosperity and abundance. The center stone is Green Aventurine (growth). Surrounding it are Pyrite (gold color again) and Red Aventurine (manifesting). Citrine (prosperity), Bloodstone (strength), and Jade (luck) follow. The outer circle has Clear Quartz (amplification) and Green Aventurine.

Wishing you much success with this energy!
