

How to Claim Your Battery Rebate for Central Coast Community Energy (3CE)

3CE Contact Information:

Website: <https://3cenergy.org/rebates/residential-battery-rebate-program/>

Phone: 1-877-455-2223 Ext. 0

An example of the application as well as the steps listed to receive the money have been attached below.

*Note 2 Conditions must be met to qualify for the baseline \$300 per kWh rebate:

1. Be a 3CE Customer
 - a. You may switch from PG&E to 3CE and still qualify for the rebate as long as your system was installed after January 1st, 2024.
2. Receive Permission to Operate from the Utility company
 - a. typically received 3-8 weeks after installation in the mail

*Note at least 1 Condition must be met to qualify for the bonus \$500 per kWh rebate:

1. Be a CARE customer
 - a. low income or medical baseline customer for PG&E.
2. Be an existing NEM1 or NEM2 solar customer who is willing to enroll into NEM3
 - a. Solar contract signed before 4/15/2023
 - b. Additional storage added after 1/1/2024 would be eligible for this Rebate.

AVAILABLE REBATES

<ul style="list-style-type: none">Residential customers not currently enrolled in NEM 1.0 or 2.0Current Solar Billing Plan customers	\$300 per kWh
<ul style="list-style-type: none">Net Energy Metering-to-Solar Billing Plan early adopters*CARE, FERA, and Medical Baseline	\$500 per kWh
<p>* 3CE customers who move from a legacy Net Energy Metering 1.0 or 2.0 tariff to the new Solar Billing Plan at least one full billing cycle prior to the expiration of their "grandfathering" period will receive the higher \$500 per kWh rebate.</p>	

Steps

- 1** Review your most recent energy bill to confirm that "3CE Electric Generation Charges" are included in the statement – this verifies you are a 3CE customer
- 2** Purchase your eligible residential battery system and set up to discharge at least 50% daily between 4pm and 9pm
- 3** Gather relevant information and the following supporting documentation for your application:
 - Battery make and model
 - Battery capacity (kWh)
 - Permission to Operate Letter or Email (this was sent to you from PG&E or SCE)
 - Invoice from contactor with proof of payment
 - Any additional rebates you are applying for (these may be included in the invoice from your contractor)
 - If applicable, a copy of your 1040 tax form to prove income qualification (this may be required if you are applying for the income-qualified adder)
- 4** Submit online application
- 5** Enroll in load-shift tracking software with 3CE partner Texture
 - After application is submitted, 3CE will email customer with link to complete battery registration with Texture
- 6** 3CE processes your application and will notify you of your application status
- 7** Receive your rebate check in the mail!

Applicant Information

Applicant Name

First Name *

Solar

Last Name *

Customer

Customer Type*

- ☒ Single Family
☐ Multifamily

Installation Address (where the battery storage system is installed)

Address Line1*

9477 El Camino Real

Address Line2

City*

Atascadero

State*

California

Zipcode*

93422

County*

San Luis Obispo

Is your Installation Address the same as your Mailing Address?

- ☒ Yes, copy my Physical Address to my Mailing Address

Equity Survey – Residential

Are you currently enrolled in one of the following rate assistance programs: California Alternate Rates for Energy Program (CARE) or Family Electric Rate Assistance Program (FERA)*

- ☐ Yes
☒ No

Is your account medical baseline?*

- ☐ Yes
☒ No

Previous

Next

Project Information

Do you have rooftop solar?*

- ☒ Yes
☐ No

Did you switch from NEM 1.0 or NEM 2.0 to Net Billing Tariff (NBT) for this rebate?*

- ☐ Yes
☒ No

Are you currently enrolled in the Net Billing Tariff (NBT)?*

- ☒ Yes
☐ No

When did you enroll in the Net Billing Tariff (NBT)? *

01/06/2025 

Battery Manufacturer*

Enphase / Tesla

Battery size (round to the nearest kWh)*

10 

Rebate available for batteries 5kWh and above. Batteries over 26kWh are eligible, and will receive a rebate value equivalent to a 26kWh battery.

Battery Model*

Enphase IQ 5P Battery / Power

Total Project Cost*

30000

Date of Battery Installation*

01/06/2025 

Please upload an itemized installation invoice.*

No file chosen

Upload permission to operate letter (PTO).*

No file chosen

This should have been sent to you from PG&E or SCE confirming that your battery system is connected to the grid.

What other battery rebates are you applying for or have you already received for this project? *

- ☐ Self-Generation Incentive Program (SGIP)
- ☐ Pacific Gas & Electric (PG&E) battery storage program(s)
- ☐ Other (please specify)
- ☒ None

Please confirm that the battery system is programmed to discharge daily. *

- ☒ Yes, the battery system is programmed to discharge daily.

What is the percent of capacity for daily discharge?

50%

Please confirm that you will enroll with the Texture performance tracking program when you receive email notice within two weeks.*

- ☒ Yes, I will enroll with the Texture performance tracking program.
