All PXT Classes are DPSST Certified

PXT 200 Series:

PXT 201 (Basic Auto Extrication 8 hours) Day one of our most popular 8 hour courses which include a short classroom session followed by an all hands on introduction to modern auto extrication practices using hydraulic and non hydraulic rescue tools.

PXT 202 (Advanced Auto Extrication 8 hours) Day two of our Advanced Auto Extrication is an all hands on course utilizing air bags, hydraulic, pneumatic and hand tools. The focus is on advanced stabilization & lifting to free entrapped victims in simulated accident scenarios.

EQUIPMENT:

The tools utilized in this course are new technology and represent current rescue equipment available from fire/rescue equipment vendors. These include spreaders and cutters, airbags, struts, air chisels, hand tools, cribbing, and much more.

PPE - TURN OUT GEAR:

Firefighters must be equipped with appropriate PPE that meets WAC 296-305-02001, Personal Protective Equipment and Protective Clothing, Extrication PPE (Department approved) may be appropriate for some scenarios.

This eight (8) hour program was developed to provide realistic Technical Heavy Extrication training. The course will offer life-like and challenging scenarios for you to respond to, take control, and mitigate.

TOPICS COVERED INCLUDE:

- NFPA Standards; 1001, 1006, & 1670.
- Incident Command, Scene Control, & Responder Safety.
- Auto extrication, with and without hydraulic rescue tools.
- Shoring, Airbags, & Stabilization.
- Mitigating Hazardous Conditions

CHALLENGE YOURSELF!

PXT CAN BRING EXTRICATION TRAINING TO YOUR ORGANIZATION.
