Good evening,

I am following up regarding my public records request, which was acknowledged on June 11, 2026. It has now been approximately 39 days, and I have not received either the requested records or a substantive update regarding the status of the request.

If the records are not yet available, please provide:

1. The current status of my request.
2. Whether any responsive records have been located.
3. Whether any portion of the records is being withheld, and if so, the legal basis for doing so.
4. An estimated date when the request will be completed.

If portions of the request are available now, I respectfully request that they be produced on a rolling basis rather than waiting until every responsive record has been gathered.

Thank you for your attention to this matter. I look forward to your response.
