

NYC Councilman Mark Gjonaj

With each passing day, week, and month, the issues and concerns in District 13 remain unresolved and problematic. Whether it's potholes, illegally parked vehicles, noise complaints, unmaintained parks, tree pruning and sidewalks, overflowed garbage cans, graffiti and others, the NYC Agencies responsible for addressing these issues are not doing enough and failing to protect our quality of life and safety.

Follow these simple steps to report quality of life issues to my office:

1. Take a photo of the issue/problem area.
2. Email the photo to mgjonaj@council.nyc.gov
3. Please include address/location of where the photo was taken.
4. Please include a description of the issue.
5. Please include your contact information so we can contact you.
6. When sharing your photos on social media please use the hashtag #ShameNYC and tag us as well.

#ShameNYC

If you prefer to call our office, we are reachable at (718) 931-1721.
I will fight with you to make our neighborhoods safer, cleaner, and better.
