

## CarWell RUST COP

### 2024 NEW SIZE

Rust Cop Aerosol (**15oz**) Part number 00321

Carwell's Rust Cop is a unique blend of rust inhibitors to control corrosion on all metals. It eliminates moisture containing salt, dirt and air pollutants from the surface of metal to give long lasting protection. It also lubricates moving parts and is an excellent penetrant even through existing rust.

#### Applications:

- Seams, welds, folds and crevices
- Coil & leaf springs, U bolts
- Riveted pieces, chains
- Door & lock mechanisms
- Seized parts, nuts and bolts
- Rollers, castors, hinges, brackets, brake cables, release cables
- Window regulators & wiper mechanism
- Electrical wiring, lights, electrical connectors
- Battery posts & cables, Gas tanks & straps
- Radiator brackets, shrouds & casing
- Wheel hub nuts, Oil pan, transmission nuts & bolts
- Mirror mounts, Headlight Adjusters
- Any area where dissimilar metals are fastened

#### Use on:

Trucks, cars, vans, motorcycles, ATV, PWC's, buses, trailers, tractors, boats  
Garage doors, locks, hinges, louvers, Wrought Iron fences  
Fertilizer spreaders, Seeders, Sand/Salt spreaders  
Lawn mowers, Landscape Equipment, Golf Course Equipment  
Tools, shovels, rakes, metal boxes  
Roof top mechanical components  
Particularly prior to or during periods of storage or as part of regular maintenance

#### Directions:

Apply liberally to areas prone to corrosion, rusty areas or seized parts. Allow time to penetrate on seized parts. Reapply as needed to maintain the level of protection and lubrication desired. The product will not harm rubber, painted surfaces, plastics or glass. Do not allow product to puddle or buildup on weather stripping, rubber gaskets or liners. Protect with silicone spray. Do not apply to recently painted area for at least 48 hours after paint has properly dried and cured. Do not apply to parts that are glued together like side moldings as the product may break down the glue.

#### Advantages

No hazardous Materials\* • No Silicones, no CFC's  
\* As defined by OSHA Regulation 29 CFR 1910.1200.
