When it's Rust Call US!

Case History

Enviroklean Stain Remover

Date

May 25, 2020

Customer

First Time User

Location

Pearl City, Hawaii, USA

Problem

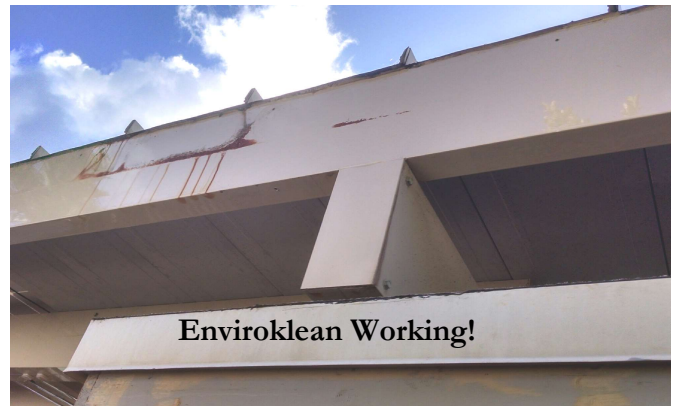

Customer had removed metal flashing and had running rust stains on side of carport siding. Left as is the staining would get larger and darker and shorten the life of the paint creating bigger eyesore.

Solution and Procedure

1. Apply Enviroklean Stain Remover by rag or brush.
2. Rinse with fresh water.
3. Done

Conclusion

Very pleased on how simple and effective product actually worked! No repainting involved! Use of Enviroklean Stain Remover water based environmentally friendly formula easily removed the rust staining on the painted surface. (Leftover Enviroklean Stain Remover used to clean brake dust off his truck rims)

Before

After—easily removed all rust staining with no damage to carport surface
