Red Dirt Stain Removal—Vinyl Fencing

Remove Unsightly stains on vinyl or fiberglass—Enviroklean Stain Remover

Don't let RED DIRT STAINS ruin your fence—Enviroklean Stain Remover is an easy solution. The good news - you can easily remove these unsightly stains and improve the image 100%. Keep fence looking fresh and clean quickly with Enviroklean Stain Remover.

1. Pour Enviroklean Stain Remover into disposable cup or container.
 2. Apply Enviroklean Stain Remover using soft disposable brush, rag or sponge*.
 3. Enviroklean quickly lifts and removes unsightly red dirt stains.
 4. Rinse with fresh water for an incredibly clean finish.
 5. Enviroklean Stain Remover allows surfaces to be cleaned of red dirt stains without damage to original coatings.
- For heavily stained areas—apply Enviroklean as above, keep working area with Enviroklean, rinse with fresh water, and repeat if needed. *(Use disposable gloves when dipping hands in solution)

Quickly remove unsightly and hard to remove stains in seconds.
Simply brush on **Enviroklean** and rinse with fresh water.

ENVIROKLEAN Stain Remover allows surfaces to be cleaned of stains without damage to original coatings.

Benefits:

Enviroklean® is quick and easy to use and can be reused.

Enviroklean® is an environmentally friendly water-based formulation.

Enviroklean® does not leave a film on the surface and is not affected by varied temperatures.

Enviroklean® can be used on almost all surfaces including stainless and aluminum. *Enviroklean® can dull some aluminum—this can be polished out.*
