

Boating—Remove Unsightly running rust stains Enviroklean Stain Remover

Pour Enviroklean Stain Remover into disposable cup.

Apply Enviroklean Stain Remover using soft disposable brush, rag or sponge.

Enviroklean instantly lifts and removes unsightly running rust stains.

Rinse with fresh water for an incredibly clean finish.

For heavily stained areas—apply Enviroklean as above, rinse with fresh water, and repeat.

ENVIROKLEAN Stain Remover allows surfaces to be cleaned of rust oxides without damage to original coatings.

Enviroklean® can be used on almost all metals including stainless and aluminum.

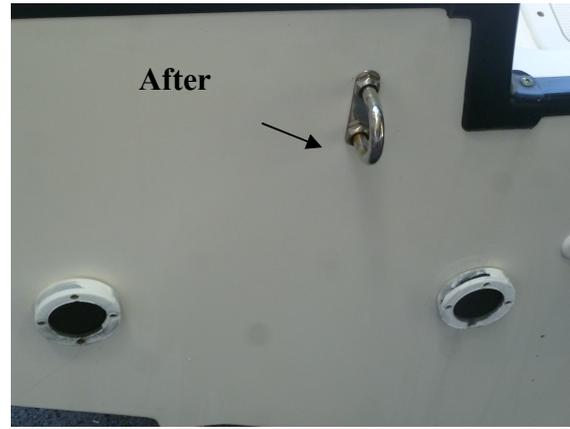

Enviroklean® can dull some aluminum—this can be polished out.

Advantages

Enviroklean® is quick and easy to use and can be reused.

Enviroklean® is an environmentally friendly water-based formulation.

Enviroklean® does not leave a film on the metal surface and is not affected by varied temperatures.

Quickly remove unsightly and hard to remove running rust stains in seconds.
Simply brush on **Enviroklean** and rinse with fresh water.

Test sample area to ensure Enviroklean works—Success! Now the whole back end can be white again
