

DOUBLE RED LINE

INKJET PRINTER - LIGHT FABRIC HEAT TRANSFER PAPER

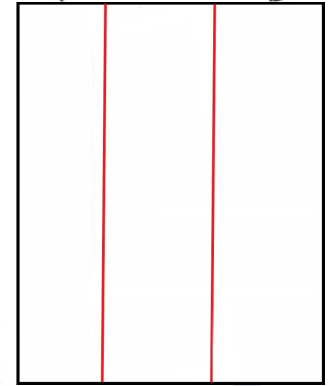

World-Paper

"Your imagination is the limit"

DOUBLE RED LINE

- is a high quality image transfer paper that is exceptionally soft to the touch after transfer. Transfer for Light Fabrics is ink-jet compatible which allows easy printing and transfer. It takes just minutes to design, print and create projects on cotton, cotton blend and Lycra™ fabrics with a soft-to-the-touch, stretchable finish.

CREATES DESIGNS IN JUST 3 STEPS

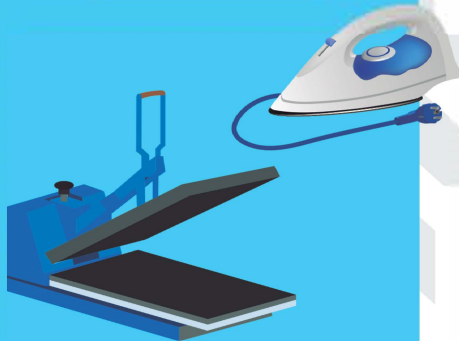

1. DESIGN

2. PRINT

3. IRON

INSTRUCTIONS OF IMPRESSION:

- PAPER TYPE: NORMAL OR PHOTO.

- IMAGE SHOULD BE PRINTED IN REVERSE.

HOW IT WORKS

1. CUT OUT THE UNPRINTED EDGE OR BACKGROUND OF THE PRINTED DESIGN BECAUSE ALL THE TRANSFER PAPER THAT YOU IRON.
2. ADJUST THE TRANSFER PLATE TO 175°C AND HIGH PRESSURE.
3. PLACE THE T-SHIRT ON THE IRON AND PERFORM A PRE-PADDING FOR 4 - 5 SECONDS TO ELIMINATE WRINKLES.
4. PLACE THE TRANSFER PAPER WITH THE PRINTED SIDE IN CONTACT WITH THE SHIRT, AND PLACE OVER A PROTECTIVE PAPER.
5. CLOSE THE IRON AND IRON AT 175°C, HIGH PRESSURE AND 15 SECONDS.
6. OPEN THE IRON AND REMOVE THE SHIRT.
7. WAIT FOR THE T-SHIRT TO COOL AND REMOVE THE TRANSFER PAPER.
8. REPLACE THE SHEET AND PLACE A SHEET OF SILICON ON IT AND PERFORM THE IRONING FOR 5-6 SECONDS.
