WHAT MAKES US UNIQUE

SDVOSB with DoD operational experience; blended cybersecurity and instructional design expertise; human-centered training materials; low-risk delivery model with rigorous quality assurance; proven federal and defense support performance; Top Secret/SCI leadership.

COMPANY OVERVIEW

Virtuous Advisory is a Service-Disabled Veteran-Owned Small Business (SDVOSB) specializing in cybersecurity consulting, professional training development, curriculum design, program management, and mission-focused executive support. We bring DoD-tested leadership and instructional design expertise to deliver consistent quality, low-risk performance, and readiness-focused execution for federal and public-sector clients. Our team ensures alignment with federal standards—emphasizing security, operational efficiency, and program compliance.

WHAT WE ARE GREAT AT

Cybersecurity Consulting:	Program & Project Management:	IT Support Services:
Cyber readiness assessments; governance, risk, and compliance guidance; incident response planning; playbook and tabletop development.	Full lifecycle program oversight; executive briefing development; SOP creation; documentation control and quality assurance.	Technical assistance; secure system configuration; troubleshooting; best-practice guidance; IT environment setup for training and small programs.

RELEVANT EXPERIENCE

26+ years of experience providing mission-ready documentation, executive cybersecurity training, consulting, and creative design.
