To All Parade Participants:

Just wanted to touch on a few things for this year's parade

1. The throwing of candy and other things: If you plan to throw something from your float, horse, car, truck, etc., please throw only throw candy on the sides that do not have on coming floats (example: from Busters lot to Bridgeport General Store you may throw on both sides; from Bridgeport General Store down to turn around and back to Rhino's only throw candy to the right side of the float). This is to limit the number of children running out in-front of oncoming floats, especially horses. NO Water is to be sprayed from any floats.
2. The check-in for the parade will take place on Kirkwood Street this year. Please plan on checking in no later than **9am**. If you are bringing a trailer or support vehicle that you need to park as of right now, we are going to need to park all of these on the Northwest end of Stock Drive. The parade route and line up this year will be taking place on Emigrant St and Kirkwood St. If you have a larger float, please come down Sinclair Street by Rhinos and turn down Emigrant street and park on Emigrant and send someone down to check-in. You will not have enough room to turn around a float if you try and drive down Kirkwood St. It is very busy and congested on Kirkwood Street so please limit what you drive there until you have your number. Once checked in please move to your designated space with your float for proper line up the parade to start on time. The parade slots will be down Kirkwood St. then down Emigrant St (in-front of the tennis courts) NOT down Stock Dr. Road.
3. The parade this year will start at Kirkwood Street and head south down Main Street, U-Turn at the end of town in front of the Walker River Lodge and then return north down Main Street and right turn at Rhinos.

We look forward to another awesome year of our Great Little Parade
