Eliminating Child Hunger,
One Meal at a Time.

[FeedFirstUSA.com](https://www.feedfirstusa.com)

ABOUT US

Our program serves a critical need in our community that is being ravaged by poverty and food insecurity. During these extraordinary times of economic dismay, many children and families are being affected. It is our goal to provide consistently healthy and accessible meals to the populations we serve.

OUR MISSION

To Eliminate Child Hunger, One Meal at a Time, while providing positive enrichment, education, and development through engagement and new experiences.

OUR VISION

Our vision is that No Child has to go to bed hungry, and that we can build a blueprint for upcoming F.E.E.D. First USA facilities across the state of Arkansas and throughout the U.S. growing an international platform for FEED facilities.

During these extraordinary times, the need of our local communities has been great. Our COVID-19 Feeding Program has doubled the meals we serve. We currently feed 1,225 children a day in our community, We have the capacity to feed double that number with a higher level of funding, in the form of grants and donations from supporters who also want to push the mission forward.
