

2026 Summer High School Program Information

High School Parent & Athletes,

We are excited to announce that we have finalized the schedule for our High School Program. Our goal is to provide your athletes with the best possible exposure to college coaches and the necessary training to enhance their skills as ball players.

At WFBA, we have established strong relationships with local universities and all five schools in the NJCAA D1 Panhandle conference. Understanding the importance of college exposure, our athletes will have the opportunity to participate in private showcase events, where they can showcase their talents in front of college coaches. This initiative is designed to maximize their visibility and opportunities for college recruitment.

As your athlete transitions into our high school program, we believe it is important for them to have exposure to college showcases. Therefore, we will be taking our teams to these colleges and participating in tournaments where many college coaches will be in attendance.

If you have additional questions, please do not hesitate to **text** or **call** 850.780.6132.

We look forward to helping your athletes achieve their highest potential!
