

Call to Action!

Action #1: Email the committee chair for the Committee on Constitution and Ethics (Rep. Wichgers) to request the committee **NOT HOLD PUBLIC HEARINGS on the bills below.**

Email: Rep. Chuck Wichgers - Rep.Wichgers@legis.wisconsin.gov

Deadline to email: 11/5/2021

State of Wisconsin – Three DANGEROUS bills have been introduced – ALL BY Wisconsin Democratic Legislators.

AB583 - relating to vaccination of 16-17-year-old minors without parental consent. This bill seeks to eliminate the fundamental right of parents in Wisconsin to make medical decisions for their minor children.

- Minors may not have full knowledge of their medical history.
- Adolescents may be more likely to succumb to medical coercion by an authority figure.
- Teenagers may be particularly susceptible to pressure by means of incentivization (gift cards, vaccination kickbacks) as is regularly practiced in many retail settings.

Introduced by Wisconsin Democratic legislators: Hintz, Neubauer, Baldeh, L. Myers, Conley, Bowen, Stubbs, Spreitzer, Ohnstad, Anderson, Goyke, Emerson, Subeck, and Hesselbein, as well as Senators Roys and Agard

AB584 - relating to dentists administering vaccines and granting rule-making authority.

- A dentist may not know or have access to their minor patient's health history or potential history of vaccine reaction.
- Families who opt to receive vaccines at a dental office may forgo well-checks with their primary health care provider.

Introduced by Wisconsin Democratic legislators: Hintz, Neubauer, Baldeh, L. Myers, Hebl, Pope, Emerson, Conley, Bowen, Stubbs, Spreitzer, Ohnstad, Subeck, Anderson, Goyke, Vining, Hesselbein, and Larson, as well as Senators Carpenter, Roys, Agard, L. Taylor and Johnson

AB585 - relating to purchasing and distributing vaccines for children and making an appropriation.

- It is not fiscally responsible for the state to initiate a purchasing program.
- The implementation of one purchasing system for both public and private entities relative to vaccinations is undeniably another step toward employing a nationalized, single-payer healthcare system.

Introduced by Wisconsin Democratic legislators: Hintz, Neubauer, Baldeh, L. Myers, Conley, Bowen, Stubbs, Spreitzer, Ohnstad, Anderson, Goyke, Emerson, Subeck, Hebl, Pope, Cabrera, Sinicki, Drake, Vining and Hesselbein, as well as Senators Carpenter, Roys, Agard, L. Taylor, and Johnson

Example Email

**** Please note: We understand the biggest impact comes when constituents write from the heart. The below email is an example email you can use to cut and paste to make things easier for those who wish to oppose these bills. We encourage you to construct your message using your own personal story, thoughts, and feelings and write why opposing them is important to you.**

Dear Rep. Wichgers,

I am writing to share my strong opposition for AB583, AB584, and AB585.

After over a year and a half of governmental policies filled with overreach, mandates, coercion, and discrimination, as a Wisconsinite, I strongly ask you as the chair of the Committee on Constitution and Ethics **not to hold a public hearing on these bills**. Wisconsinites want to maintain our parental choices, our health choices, and we want to stand up against governmental overreach. It is time we band together in unity against policies that will ultimately hurt the citizens of Wisconsin.

I respectfully encourage you not to hold a public hearing on any of the above bills.

Sincerely,
