Dear Senator,

I am writing to share my support for SB150/AB132.

This is a common-sense bill that protects the privacy of medical information for Wisconsinites. It requires that any piece of mail containing immunization information is enclosed and sealed, and that no immunization information is visible on the outside of the mailer. This bill is about health privacy, which is incredibly important for Wisconsinites.

I respectfully encourage you to vote YES on this bill.

Sincerely,
