### **Wisconsin United for Freedom Statement on Midterm Elections**

Wisconsin United For Freedom is an organization focused on upholding vaccine choice and health freedom for every man, woman, and child in Wisconsin. As such, one of our key tasks is ensuring that medical freedom is a priority for those seeking to hold elected office in Wisconsin.

Throughout this year and going forward - we will continue to attend events around the state and speak with any politician or candidate willing to speak with us. This has been our position since the beginning, and will continue to be our position going forward.

We are reaching a pivotal point in Wisconsin's history, which requires us to take a more active role in the elections process. We will meet with as many politicians, organizations, candidates, influencers, business leaders, parents, and teachers as we possibly can - and we will continue to do so with the goal of furthering freedom in Wisconsin.
