Norcross, GA

Senior Programmer/Analyst – ERP/BI

Dennis Scott

Lawrenceville GA, 30043

Email – experience@dennis-scott.com

- Providing custom software development under JD Edwards ERP E9.1 using the JDE E1 Object Management Workbench (OMW) toolset. Also providing Software Development, Security, and System Administration for IBM Cognos Business Intelligence Software. Intimate working relationship with IBM Technical Support opening PMR's and assisting in identifying and resolving Cognos TM1 & BI issue/bugs. Heavy use of SQL in balancing ERP data to Cognos. Responsibilities and duties include:
- **Oracle/JD Edwards EnterpriseOne Senior Software Developer** for E9.0 & E9.1 ERP Software. Responsible for coding and debugging Event Rules for E1 applications as well as for coding and compiling BSFN's, leveraging the OMW E9.1 Toolset. Also have good knowledge of One-View Reporting and Watch Lists usage.
- **JDE Upgrade contributor.** Partner in retrofit from JDE E9.0 to E9.1 upgrade project.
- **ETL and Data Warehouse Management** on IBM iSeries (AS/400). Responsible for the entire ETL Process, leveraging the IBM DB2 Data Warehouse utilizing RPG/400, CL, SQL, and Showcase® Warehouse Builder. Responsible for monitoring and solving all Data Warehouse staging errors in the daily ETL Process. Developed direct call to TM1 TI Processes from ETL HLL Programs using TM1RUNTI command.
- **Cognos BI 10.2 Studios Support.** Excellent experience providing End User Support and Training of IBM Cognos BI for Analysis and Report Studios. Excellent experience with Analysis Studio. Very good experience working with Report Studio reporting, Workspace, and Workspace Advanced. Implemented externally triggered Cognos reports using IBM Trigger command. Implemented Report Studio Burst Email Reports. Implemented Parameterized URL's.
- **IBM Cognos Training and Software Support**
 - Cognos TM1 10.1.1 Software Development
 - Cognos Framework Manager
 - Cognos Configuration Manager
 - Cognos BI 10.2 Systems & Security Administrator
 - Cognos BI 10.2 Studios Support
 - ETL and Data Warehouse Management n AS400
- **Collaboration experience:**
 - **IBM Connections.** Excellent contributor to business collaboration utilizing IBM Connections Business Social Media software. **IBM SmartCloud.** Good experience using IBM SmartCloud for collaboration and User Support using desktop sharing. **IBM Notes and SameTime.** Good experience using IBM Notes email, calendar, and SameTime functionality. **Wrike Project Management.** Good experience using Wrike project software.

PSS World Medical (under contract)

2012

Jacksonville, FL

Senior JD Edwards Software Developer

Provided custom software development using the One World Xe Object Management Workbench (OMW) toolset, accomplishments include:

- Coded custom Bulk Sales Order creation via use of Excel copy/paste into new on-line Grid Application.
- Coded custom Purchase Order creation via external PO Suggestions (from JDA Supply Chain System) using JDE EDITLINE Business Function. Also created related Sales Orders for Inter-branch Inventory Transfers using standard JDE EDI 850 Inbound process.
- Coded UBE's for EDI outbound interfaces for 832's, 852's, 855's, & 856's.
- Coded numerous UBE's for outbound data interfaces to feed JDA Supply Chain database, incorporating Golden Gate Change Data Capture JDE feeds to supply only critical changes in an on-going (daily) basis.
- Created numerous NER Business Functions.
- Provided Detailed Design Documentation for each OMW Project deployed.
- Worked with *Clarity* Project & Time Management software, *JIRA* Project and Issue Tracking software, Outlook eMail and Calendar functions.
- Heavy database analysis using Oracle SQL Developer.

Bacardi USA (under contract)

2000 –2011

Miami, FL

Senior JD Edwards Software Developer

Dennis Scott

Lawrenceville GA, 30043

Email – experience@dennis-scott.com

- Maintain JDE ERP A7.3.10 World RPG Development and later co-existence with JDE One World Xe. Enhanced and upgraded B7.333 One World Xe for Accounting and Sales Distribution Systems with Advanced Warehousing and Storage Unit Tracking. Provided numerous custom Systems and Reporting Functions including Custom DRP Sales Forecasting, Shipment Spread System for accurately spreading bulk sales orders (over numerous shipments with unique customer and trailer/container requirements on each shipment) and a Custom Pallet Tracking subsystem for use with JDEAdvanced Warehousing module.
- Provided numerous ETL RPG interfaces to AP from external systems (Employee Expense reimbursements and Vendor Invoice payments) as well as interfaces to Purchasing and Sale Order Processing via JDE Z1 processes, interfaces to Data Warehousing and to BI analytics databases, and finally AS400 EDI Interfaces to/from JDE.
- Assisted with the conversion and implementation to J.D. Edwards One World Xe software, providing support for the integration of four separate corporate AS/400 locations using various levels of JDE World software.
- Provided custom applications using the One World Xe Object Management Workbench (OMW) toolset.
- On-line applications include the use of FIND/BROWSE, SEARCH & SELECT, and FIX/INSPECT Forms.
- Batch applications include the use of Columnar, Group, and Update UBE Reports. Involved in many aspects of the One World Development cycle coding Event Rules, NER Business Functions, and interfacing to Master Business Functions and accessing many One World System Functions.
- Worked with *Microsoft Project Management* software, *Magic Helpdesk* Issue Tracking software, *Lotus Notes* eMail and Calendar functions.
- Heavy analysis using MS-SQL and SQL400. Responsible for ODBC Configurations for server connectivity.

Education

IBM Cognos, Norcross and Atlanta Georgia

2013, 2014

Certified Courses Completed:

- IBM Cognos TM1: Design and Develop Models (v10.1)
- IBM Cognos TM1: Administer the Technical Environment (v10.1)
- IBM Cognos TM1: Analyze and Share Data (v10.1)
- IBM Cognos BI: Advanced Workspace Development (v10.2)
- IBM Cognos BI: Advanced Report Studio Reporting (v10.2)

Miami-Dade Community College, Miami Florida

2008

- Visual Basic - Developers class

OPENTEXT Corporation, Irvine California and Miami Florida

2006

- Kofax Ascent Capture Imaging
- VIP DocManager Set-up and Configuration
- AS/400 Report Configuration
- OpenText Content Management and Workflow Developers training

JD EDWARDS, Miami Florida

2004

- JDE Common Foundation 8.0
- JDE OMW Development Tools 8.0 (1 & 2)
- JDE Report Writing (1 & 2)

IBM, Jacksonville, Florida

1983, 1984

Completed Courses for IBM System/38

- CLP Programming
- RPG-III Programming
- S/38 System Administration
