Subject: Thank You!

Hello Dennis:

Thank you so much for your hard work and dedication to AGCO and the JDE team the past 7 years! You have been a great co-worker and one that I could always rely on to get my business requirements executed promptly, efficiently, and effectively. Not only that, but you would also take the extra time and steps to explain the solution, document it very well for future reference, and even provide additional enhancements than those asked from the original requirements. I loved your attention to detail in all matters! I wish you the best of luck in your future endeavors and hope that we get to work together again.

Sincerely,

Nirav Amin
