

The Maryland Foundation of Dentistry

Helping Maryland residents get access to no cost dental care

About Us

The MFD is a non-profit, 501(c)(3) formed in 1989, by caring dentists willing to help Marylanders with disabilities access dental care.

Our mission is to provide no cost dental care to improve oral health and maintain dental function for eligible Maryland adults (18+years) with intellectual, physical, and/or developmental disabilities who are unable to pay for their dental care.

Patient FAQ

- 1 To be eligible you must apply and be accepted into the program. You must be a Maryland adult (18+years) with an intellectual, physical, and/or developmental disabilities and be unable to pay for your dental care. Those with private dental insurance are not eligible for this program.
- 2 All dental treatment and labs are provided at no cost to you in a private dental office.
- 3 At completion of treatment you will have improved oral health which will help your physical, social and emotional well-being.
- 4 All patients accepted into the program must provide transportation to and from the dental office and must keep all appointments.
- 5 The MFD does not provide emergency services.
