Found your email!

Hi,
I'm trying to reach Gregg Marutzky, I heard he recently spoke at a class with the subject involving working with therapists.

Can I please get in contact with him for some input on an important matter?

Thank you for any assistance you can provide.

Joe,

Thanks for the brief call on the phone.

I understand that while you are a minister, you sought a degree in counseling and are not yet licensed.

I gave you brief overview of my situation, that I am seeing a therapist, have spoken to church leaders about the situation, that there's an action plan in place, and that I am getting additional perspective in speaking with you. You know [REDACTED], whom I spoke with, and spoke highly of him. You thought it was good that I continue seeing my present therapist to continue working on things.

Maybe later on we can connect after your travels.

Thanks for your time.

Tom Tracey
