DEI Leaders for Harris Launches Effort to Increase Support for Harris-Walz

At this moment we stand at the threshold of one of the most important events in our nation's history— electing Kamala Harris to the U.S. Presidency. DEI Leaders for Harris brings together a community dedicated to amplifying DEI efforts and supporting those who are committed to making a difference.

Our goal in this endeavor is to increase support for the Harris-Walz Campaign by mobilizing our communities through the Harris Victory Fund. We stand with Kamala Harris and support her commitment to “making sure the doors of opportunity are open for all to follow.”

Our Mission:

The face of America is changing. Steadfastly we're becoming more inclusive, interconnected, diverse, socially conscious, equity focused and engaged. As DEI (Diversity, Equity and Inclusion) leaders, we support members of a community dedicated to amplifying DEI efforts and supporting those who are committed to making a change.

Who we are:

DEI leaders are present in many sectors: corporate, education, health care, and government. We work together to make our country, our communities, and our companies live up to America's

steady promise that anyone can actualize into who they're meant to be, and all are welcome.

We are launching this effort because, like Kamala Harris, we believe diversity, equity, and inclusion are essential for building strong innovative communities that can work together to achieve our goal of a more equitable future for us all.
