Aerial Application Rating – Firefighting

Your initial induction would incorporate compiling a student training folder and covering the requirements of the Firefighting course.

The course is structured to cover the lesson plan and comprises of five (5) hours of instruction including the Pre Rating Test. The Rating Flight Test is in addition to the training hours laid out in the syllabus of training.

Prior to conducting the Rating Flight Test, you will be assessed to ensure competency and upon successful completion of the course you will be issued a Certificate of Achievement.
