VOLUME III

Hidden Rock Ranch Sale Facility Address:
38056 HEDGE LN. PAOLA, KS 66071

Greetings Friends.

On behalf of the Crescent Hill Black Herefords family and friends, I would like to begin by thanking everyone who helped make our sale a continued success in recent years. Words cannot fully express the appreciation we have for all those involved—especially the bidders and buyers who placed their trust in our programs and invested in our cattle. Since our last sale, we have continued to challenge ourselves to identify, develop, and produce the very best Black Herefords you can find anywhere in the country. With a continued commitment to introducing new genetics, supported by proven cattle through purchases, artificial insemination, and our expanding embryo transplant program, our goal remains the same: to provide cattle that will add value and profitability to your herds.

Once again, this sale runs deep in quality bulls and females. We believe, along with our family, friends and partners, we have assembled a set of cattle and genetic offerings capable of meeting a wide range of customer needs and goals. All bulls and heifers in this sale have DNA on file with the American Black Hereford Association. A select group of bulls has been Approved Herd Sire (AHS) tested and carries Genomically Enhanced EPDs. These bulls have been tested and are free of all required genetic defects as outlined by the ABHA. All other bulls are clear by pedigree unless otherwise noted and can be AHS tested if desired.

All operations represented in this sale share very similar philosophies when it comes to herd management and breeding decisions. We firmly believe that any great herd begins with proven genetics that emphasize maternal strength and longevity. Behind every great bull stands an exceptional cow, and we have built our programs with that principle at the forefront. Throughout the offering, you will find multiple animals tracing back to Dams of Supremacy. All cattle are developed on a carefully managed ration designed with soundness and long-term productivity in mind.

I would also like to take a moment to introduce Hidden Rock Ranch (HRR), owned by Travis and Penny Burchett; Grass Creek Farms (GCF), owned by Wayne and Debbie Burchett; and Windisch Farms (WFS), owned by Greg and Christine Windisch, as independent operations that are each building their own programs and registering cattle under their respective prefixes. Each of these families has made a strong commitment to the Black Hereford breed, and it has been exciting to watch their herds and visions continue to take shape. We are grateful to the Burchett family for once again allowing the use of their beautiful barn to host our sale, and we look forward to the journey ahead as these programs continue to grow and make their own mark within the breed. Nothing brings greater satisfaction than working alongside family and close friends on something we all deeply enjoy. I want to sincerely thank all three families for their dedication to raising high-quality cattle and for the enthusiasm they bring to this shared path forward. Finally, I am confident that we would not be where we are today without the countless hours and unwavering support of Doug and Susie Jones. Without them, none of this would be possible.

As you browse through the catalog, please do not hesitate to reach out if you have any questions about our operations or the cattle offered. We are always happy to visit with customers and share more about our programs. Our farms are always open, and we welcome you to stop by for a tour. In advance, we thank everyone who takes the time to view our sale, place a bid, or purchase our cattle. Your continued confidence in our program is what drives us forward.

Sincerely,
The Jones Family & Crescent Hill Black Herefords,
The Windisch Family & Windisch Farms,
The Burchett Family & Hidden Rock Ranch and Grass
Creek Farms, The Bolte Family & 4B Black Herefords
and The Wolf Family & Wolf Black Herefords.

Dustin Layton	405.464.2455
---------------	--------------

Sale Staff

Colton Pratz, OK Cowman	405.385.1054
Stephen Russell, KLA	785.458.2650
Andee Marston, Sale Manager	785.250.4449

Absentee Bidding

If you would like to place a bid on any lot but will not be able to be with us sale day, please feel free to contact the owners, sale manager or any member of the sale staff. Internet bidding will be available at

Association Representatives

Ernie Dominguez, ABHA Executive Vice President

Dirck Hogland, ABHA Secretary

Herd Health

Dr. Juan Almarez	816.657.2102
Dr. Davy Allison	785.448.6454

A licensed veterinarian will be on hand sale day, and all cattle will be accompanied with proper health certificates for immediate shipment. All cattle will be up to date on their vaccine protocol and ready to turn out for the summer.

Sale Terms and Conditions

Cash or good check will be required for purchases before cattle leave the premises. Each animal will be sold to the highest bidder and the auctioneer will settle any disputes as to bids.

Livestock Insurance

Livestock mortality insurance for your purchases will be available sale day at the clerk's desk.

Guarantee

All cattle sell under the recommended terms and conditions of their respective breed association. The bulls sell as guaranteed breeders and will become the responsibility of the purchaser as soon as sold. The bulls will come with a 6 month guarantee on semen. If a bull is deemed a non-breeder within six months of purchase by a licensed veterinarian and not due to the condition of the bull a credit minus the salvage value will be issued to the buyer to be used at the next sale.

Cattle Delivery

Free delivery on bull purchases that total over \$6000. Females will not have free delivery but we will work to get them to you as cheap as possible. A discount of \$100 will be issued for bulls picked up on sale day; there will be no discount for females. Visit with the sale managers or owners for delivery arrangements or special arrangements.

EPDs

Expected progeny differences (EPDs) are current as of 02/05/2026. The percentile rankings in the footnotes were current as of 1/26/2026. Current EPDs can be viewed online any time at abha.digitalbeef.com.

Announcements

All announcements at the sale by the owners or sale management will take precedence over printed material.

All persons who attend the sale do so at their own risk. Neither owners, sale managers, nor any other individual connected with the sale assumes liability, legal or otherwise, for accidents or loss of property.

- DONATION LOT – 100% of the proceeds from this lot will be applied toward establishing a memorial scholarship in honor of Colton McCammon. Colton's impact on the Black Hereford breed was felt quickly, as he had just started out with Black Herefords and was an excited new breeder with a bright future ahead. He was a wonderful young man, a great friend to many, and someone who truly cared about the people and cattle around him. Thank you for helping us honor Colton's memory and continue his legacy through this scholarship.
- 445 is Heterozygous Black and Heterozygous Polled.
- WW 75 (15%), YW 115.3 (15%), TM 55.8 (4%).
- Big powerful female! Even as one of the younger heifers she has been a standout and is very eye appealing! Let her work in your herd and add some extra growth for you.

10	2	74	123	23	10	0.81	-0.03	136	95

- Heterozygous Black, Homozygous Polled
- Ranks in the top 1% for YW, TM; top 2% for WW; top 4% for CED; top 15% for TI
- This bull is a true growth and performance leader with elite WW, YW, and TM that will add pounds and power to a calf crop.
- With 29 calves and a weaning ratio of 100.5 he is backed by real-world performance you can trust.
- We truly believe that this bull is one of a kind when you combine his soundness of structure, bold rib cage, and sheer presence on the move, wrapped up in a PUREBRED package.
- Big numbered with a stellar pedigree, tie onto what we at 4B believe is a breed changer type sire! Non-Certificate AI Sire

- A powerful, high-impact herd sire owned by Windisch Farms in partnership with Burns Farms and Crown L Herefords.
- Ranks in the top 2% for WW; top 15% for YW; top 25% for TI; top 40% for TM, API.
- Lot 1 feature bull at the 2024 Burns Farms Annual Female Event in Tennessee, valuing this herd sire at \$217,500.
- POWER was the lead bull in the Grand Champion Pen of Five at the 2024 Cattlemen's Congress Hereford Show and is sired by the popular Makers Mark out of the elite donor NJW Ladysport 42F.
- Big-footed, big-middled, big-hipped, and attractive on the profile, POWER combines elite phenotype with maternal strength, and his calves are coming light and growing quickly as shown by his performance ratios of 99.7 for birth weight and 102.6 for weaning weight, positioning him to make a major impact on the Black Hereford breed.
- Owned by Windisch Farms in partnership with Burns Farms and Crown L Herefords.
