Narrative:	2) Н	How will the Roadway, Will the roadside Lands damages during the wo Will any Trees need to b Caliper? When will a New Home If the home construction	Curb & Guttering be protected from damages of caping, maintained Grass and underground Utilibrk? be cut down to gain access to the Lot? If so, how example Application (Form A) be submitted following the continuous not started within 90 days, how will the Own	during the work? lities be protected from w many? and what sizes/ e bore test?	
	Narrative:				

Provide a Sketch or Plan: Displaying the access point and direction of travel onto the lot from the roadway, and width of (grading) utilized for access onto the lot to the areas of testing/boring work. Show the full area of disturbance and location of Silt fencing. Any trees to be removed shall be shown and noted as to what types and caliper.

3) Deposit Agreement:

If there is a current New Home Application & Deposit Agreement in place (Form A & Form C), then the Deposit amount is Waived. If there is no New Home Application, then a "Bore" deposit of \$5,000 is required. This deposit is refundable if the lot disturbance is restored back to its original condition. The Owner agrees that if the Owner does not restore and repair the damages to POA Maintained land to the POA-ARC 's Satisfaction, then the POA-ARC will be authorized by this agreement to use any deposited funds as required to restore any "Right of Way" Land, Roadways, Utilities, etc. If the deposit monies are not sufficient to cover damages, then the Owner shall be billed and shall pay any balances due within 30 days of invoicing said restoration/repair work by the Waterfall POA - ARC.

FORM A.1 (Optional)

Prior to such time as Owner or Owner's contractor enters the property for work, Owner shall obtain or cause the contractor to obtain the following policies of insurance (i) commercial general liability insurance which shall insure Owner with liability insurance limits of not less than \$1,000,000 per occurrence and \$2,000,000 in the aggregate combined single limit for personal injury and property damage and include the POA as additional insured. It shall also provide such coverages as are reasonably acceptable to POA and (ii) provide the POA with certificates of insurance evidencing that the Owner has obtained these policies of insurance.

Attach a check made out to the **Waterfall POA/ARC** in the amount of \$5000 referencing: "deposit for Soils Bore Testing work".

4) Acknowledgements:

I certify this Application and submitted Plan/Sketch for Soils Boring Work is complete and accurate for the Work intended and if any changes in the work are required that I shall notify the POA-ARC and gain approval before any changed work commences. I acknowledge here that the ARC approval for any changes or exceptions must be requested in writing and approval given in writing before any changed work commences or a fine may be imposed by the ARC.
