Did You Catch Us On the Mews?

On **September 15th**, we were featured on **NBC15 Madison's Morning Show** with Phoebe Murray!

It was a completely surreal experience for us since none of us have ever been on TV before, but it was so cool to have the crew come out and spend the morning with us!! Cheeto was the star of the show, and Dylan made his debut adoption appearance from HSSW.

*Local Lil Paws
Helped Our Cause!*

We can't even begin to explain how grateful we are to have had such a wonderful turn out for ***Lil' Paws for the Cause!***

Between our two groups, we had over 70 people show up in support of our café, and to finally see people gathering in our space and enjoying themselves really gave us so much more than just the funds, it gave us a renewed inspiration to open our café!!

Barista Cats Crew

Sniffing Around Whitewater Events

On **September 24th**, we had the pleasure of having a booth at ***Whitewater's 2nd Annual Story Telling Festival and Artisan Market!*** We had so much fun, raised some money, and got to serve the community catfee, tea, and hot pawcolate!

We'll also be involved with ***Ghoul's Night Out 2022*** on **October 27th** starting at **4pm!** Make sure to stop by the cafe for some candy and some spooky fun!!

We Want To Open Just As Bad As You!

We've been working our tails off trying our best to get our doors open, but nothing about this project has been straight forward or easy. But we do want to open just as bad as you.

We were left with an unfinished damaged floor so some of the new floor needs to be ripped up and we still have to work on the walls and our front coffee bar before we can open. Although we're going to do what we can to get there as quickly as possible, it's going to take as much time as it's going to take, so we really appreciate your patience!!

ANNOUNCEMENTS/ UPDATES

Like mentioned earlier, we are anxious to open as well. Because funding has run out, **ALL** work is temporarily put on hold. However, as funds come in, we get bit by bit for the café. Last week, between sales, donations, and side work - we were able to purchase our toilet and vanity for the bathroom. We appreciate your support and shared love for our dream!

#wedoitalforthekitties

We had a busy month of news, making our first newspaper on September 9th. The Gazette! Tom Miller did a nice article on the café. The following week the amazing fun we had with Phoebe from NBC 15, and finishing it up with an outstanding article. Our very own UW RoyalPurple! Thank you for all the love.

Keeping My Paws On The Keyboard w/ Kittens Quill

A Cool Calm Cat...

My admiration for the feline family will continue to grow. Especially through the most difficult times in my life. They have reminded me what it is to be a cool-calm-cat to sometimes take that moment to step back so down in life, more importantly to breathe.

We all too often get caught up in our everyday life the chaos, the rushing about the hurry up and wait game, cats theirs strapped at their own pace without a care. Well, I mean as long as they are fed, Pat involved again at their own pace, and when they want their independence really can turn some off, or it can be what makes you love him, the most either way, what is better than being greeted by your baby when you come home every single day, even if you are tripping over them to get in the front door. ***(read more)***
