

Shapes	Panels can be pre-curved and custom engineered to attain a large number of shapes.
Sizes	Up to a maximum of 36" in width and 60" in length for Ceilencio® suspension system. Larger sizes may be available with other ceiling and wall mounting systems.
Weight	Approximately 2lbs/ft ² (9.75kg/m ²)
Wood Veneers	Select one of our nine most popular wood veneers or specify your own. Decoustics has the capability to source a variety of different wood species. Veneer lay-up is quarter cut and slip matched. Other options are available.
Grooving	Fully grooved and stop-grooved to create an integral border of any width or frame.
Design Profiles	<ul style="list-style-type: none"> • Type-8 (5/16" (8mm) spacing between grooves) • Type-16 (5/8" (16mm) spacing between grooves) • Type-32 (1-1/4" (32mm) spacing between grooves)
Finish	<p>Pre-finished with clear lacquer or unfinished* for post application by third party. Custom staining / sheen option to match other wood finishes. Color matching to a wide range of paint chips. Glossy, matte, metallic options also available.</p> <p>* Unfinished panels are not covered by warranty</p>
Edges	Square edge banding to match surface finish. Design return options available.
Back	Factory-applied acoustical fleece, which prevents insulation color from reading through.
