

PurAbsorb™

THE BEST NEW CHOICE IN SPILL CLEAN UP

- *Immediately Cleans Up Any Liquid Spill*
- *100% Natural - Safe to Handle*
- *Instant Safety - No Slip Surface*

PurAbsorb™ absorbs more liquid than any product on the market today. Made from cellulose, it's the quickest, safest and most cost-effective absorbent solution for any spills.

PurAbsorb instantly begins absorbing cleanly and completely on contact. Spills are cleaned up immediately leaving a dry no slip surface.

PurAbsorb is a 100% natural industrial grade cellulose blend. It's light weight, super absorbent, non-toxic, non-leaching, and non-carcinogenic.

PurAbsorb is sold in 1.25lbs. shaker jars and 10lb. bags.

PurAbsorb	Item #
1.25lbs. Shaker Jar	PA20-1
10lb. Bag	PA20-10

PurAbsorb™

INDUSTRIAL SUPER ABSORBENT

One 10lb. Bag

Fourteen 10lb. Bags of Clay Product

COMPARE

PurAbsorb rapidly absorbs to a dry state - even to the touch

Clay products only allow liquids to coat the surface of the clay particles and leave behind an oily residue

BENEFITS

- Immediately cleans up any liquid spill
- One 10lb. bag absorbs up to 120 pounds (66qts)
- Cleans up spills rapidly on contact without leaching
- Non-carcinogenic — safe to handle
