

Kneading Kitty's Rescue

Dear Adopter,

Thank you for adopting one of our cats from Kneading Kitty's Rescue! Having a new pet is an exciting time in you and your family's life. Please give them time to adjust to their new home. Some cats may just come out right away and act like they have lived there forever, while others might hide and take time to adjust. When introducing your new cat to other pets, we suggest you do it slowly, for a more successful transition. If your current pets have never been around other pets, the adjustment period might take longer. We are here to help if you have any questions or concerns about the pets you adopt from us. If, for any reason you can no longer keep him/her, we will forever take them back. We do our best to ensure that the cats in our care are healthy before being put up for adoption. Sometimes the stress of going into a new home can affect them physically. We suggest you take any new pet that you bring into your home to the vet for a check up within a couple weeks of bringing them home. There is a free vet visit coupon in your coupon book from Petsmart. If you have any questions or concerns about your new furry friend, please don't hesitate to reach out to us. Our email is info@kneadingkittysrescueaz.com. We microchip all of our cats and have them registered to the rescue. Once adopted, we will transfer and register their chip to you. We appreciate pictures and updates from time to time of the cats you have adopted from us. Thank you!

Sincerely,

Kneading Kitty's Rescue
