How many kittens are in this litter?

\_\_\_\_\_

Kneading Kitty's Rescue(KKR) last litter program, is where we help out the public with their personal cat who is pregnant or just recently had kittens. Here is how it works. You will keep your mom cat and her kittens in your home until the kittens are ready to be away from her. Typically until they are 8 to 9 weeks old. We will then take mom and the kittens into the vet to get them spayed/neutered, vaccinated and chipped. We will return the mom to you and take her kittens into the rescue and put them up for adoption. You will no longer have to worry about your cat having kittens, or finding homes for them, we will do it all for you, at our expense and at no cost to you. Donations now or in the future are appreciated but not required. Our goal is to help end the cycle of kittens one cat at a time. You must agree to all of the conditions below to qualify for this program. Thank you for helping us end the overpopulation of cats.

Please initial all areas. Your initial means you have read and agree to the terms and conditions of fostering for Kneading Kitty's Rescue.

\_\_\_ I agree that this is a last litter program for Kneading Kitty's Rescue, and although the mother cat is mine, that all the kittens in the litter are being fostered by me, and will be put up for adoption by the rescue.

\_\_\_ I understand, that I will not give away or sell any of the kittens. That they will be put up for adoption by Kneading Kitty's Rescue, and KKR will receive all the fees associated with that.

\_\_\_ I understand that all medical for my mom cat and kittens, while in this program, will be provided by KKR, at set times by the appropriate Coordinator. If I bring any of my cats to the vet myself, without authorization, then I will not be refunded any medical care expense.

\_\_\_ I understand that after KKR has fully vetted your cat and her kittens, that all medical related to the mom's care is your responsibility after that.

\_\_\_ I understand that if I decide that I want to keep any of the kittens myself that I will have to fill out an adoption contract and pay an adoption fee.

I have read this Agreement in its entirety, and I agree that all statements and stated agreements contained in this document are made by me, and are truthful.
