“Owning a Tesla is a source of pride, and we exemplify that pride through our custom upgrades. We take great care in ensuring that the job is done right the first time, and we believe that the work we do is not just a job but a hobby that we are truly passionate about.”
Tony La – owner of Tesla Upgrades.net

“Buying my Tesla Model Y was a huge investment for me but right away I noticed that all Teslas look exactly the same. I wanted to personalize my Tesla, but where could I find quality work at good price? I’m happy to say that I found both with Tony at Tesla Upgrades.net I was amazed with the speed and quality of their work. If you are looking to make your Tesla unique and personal to you, these guys are who you are looking for. It’s a no brainer.”

M. Shaw 2022 Model Y

“I’m superlatively impressed by Tony’s attention to detail and his uncompromising work ethic. Always on time and prepared for every project, he is a one-stop shop for all custom Tesla accessory installations. Tony has significant experience with all Tesla models; he is as thorough in his preparation as he is in the execution of his work. Best of all, Tony travels to his customers – for the utmost in convenience and hassle-free prioritization. Having contracted his professional services on numerous occasions (and having been completely satisfied with the results of his efforts – without exception), it is with the utmost enthusiasm that I recommend Tony to any prospective customer who requires a turn-key solution without corner-cutting or skimping. I will never enlist the assistance of another installer because Tony is simply the best in the business!”

Shell, S.M. 2022 Model Y

“Tony was punctual to my appointment and was very enthusiastic upon arrival to do the upgrades for me. He explained things clearly before doing the work and cared for my Tesla as if it was his own. I had him installed screen swivel, trunk kick sensor, rear bumper lights, and pilot light which really enhance my driving experience. Super 5-star experience. I will contact him for additional upgrades in the future!”

Duc N. 2023 Model Y

“Tony is extremely talented and knowledgeable in all sense, Tesla. Tony is hard working, honest, prompt, and reliable. He will complete the task to your satisfaction. He will go above and beyond to make sure you are content. I have no issues recommending Tony as your go-to guy for any Tesla installations. My only regret would be, for my future needs, he will be too busy.”

Louis W. 2022 Model Y
