Studygascar Schedule of Summer Math and Chess Classes

Studygascar chess classes and math sessions will continue during the summer. The summer schedule of classes is effective from Monday, June 10 through Sunday, August 18, 2019 and is available on our website at: <https://studygascar.com/schedule-1>.

Benefits of Continuing Math in the Summer

As with any skill, practice makes it perfect; that is why continuing math program during the summer is extremely important for the students' continuous success. From our experience, students who continue math during the summer have a great head start in school when the new school year starts at the end of August as they keep practicing essential math skills on a daily basis without interruption. Please note that just for the summer (from June 10 to August 18, 2019) our math sessions are offered on weekdays from 1pm to 5pm and on Mondays from 6:30pm to 8pm. Starting August 19, 2019 we are back to our regular schedule, with math sessions available in the evenings and on weekends in addition to weekday sessions.

Congratulations to all Studygascar students mentioned in this newsletter for their great results in chess tournaments!

See you in our chess and math classes for educational enrichment!
