

# Emergency Medicine Global Learning Exchange

# MONTHLY NEWSLETTER

**Emergency Medicine Global Learning** Exchange (EMGLEX) is a not-forprofit organization whose purpose is to support international educational exchange programming for **Emergency Medicine residents and** educators. We focus on higher income countries with well developed healthcare systems, but no, or new Emergency Medicine specialty status. It was founded with hard work and partnership built between colleagues in the United States and Italy, and we are now expanding to collaborate with many exciting new countries.

EMGLEX is a fiscally sponsored project of Inquiring Systems, Inc. EIN: 94-2524840

# A Message from Our Founder and Director

Greetings everyone! We are thrilled to present our second newsletter! We have begun our virtual conference, applications are open for our exchange, and we have lots of big events coming up!

As a reminder, we are a 501C3 organization, and all funds go directly towards assisting exchange program participants. We are actively fundraising in anticipation of the reopening of the program in January, 2023.

I would like to make a personal request to please consider making a donation today.

Every bit makes a difference, and remember, it is tax deductible! I thank you as always for your generous support.

Sincerely, Alexandra Asrow

# **Inaugural Virtual Conference was a SUCCESS!**

EMGLEX has launched a curated lecture series taught by EM specialists! Held the first Thursday of each month, the lectures will cover a range of EM topics. EMGLEX held the inaugural virtual lecture on August 4th, 2022 and it was a wild success!

We started out the conference by introducing our founder and director, members of the advisory board, and our awesome summer interns. We then gave an overview of our work, introduced our flagship exchange program, and discussed future plans. We enjoyed our "country of the month" presentation featuring Italy, participated in 2 great simulation cases, and ended with a wonderful talk from our current simulation fellow and sim lab staff about what we do in our lab!

HERE is a link to the recording!HERE is a link to the video tour of our sim lab

We look forward to seeing you at our second virtual conference on September 1st at 11am CST!!! We will feature our next country of the month...SWEDEN!!! **LINK HERE.** 

## **Fulbright Association Conference Coming in October!**

EMGLEX is proud to announce that our proposal has been accepted to present at the 45th Annual Fulbright Association Reunion Conference! This conference is set to take place from **October 6-9** in **Bethesda**, **Maryland**. The conference is an opportunity for Fulbright alumni to showcase their work and connect with one another by sharing their experiences.

Attendees will need to register to attend the conference. Prices to register and registration link will be found <u>here</u>. There is also a discounted rate for staying at the Hyatt itself at this <u>link</u>.

More information to come! We would love to see you there!

# **European Society of Emergency Medicine Congress**

EMGLEX will be attending and presenting a poster at the Annual European Society of Emergency Medicine Congress, set to take place from October 15–19 in Berlin, Germany. It is an event where emergency medicine practitioners from all over the world come together.

More information to come about about meetings and events, stay tuned!

### **Applications for Flagship Exchange Program Open!!!**

**EMGLEX Comes to Florida!** 

After a hiatus due to COVID-19, EMGLEX is proud to announce that our flagship exchange program will be returning inperson January, 2023! Our application is attached HERE with rolling admissions into the program. We will continue to accept applicants through September. We encourage residents and young attendings interested in learning more about emergency medicine around the world to apply for this valuable opportunity!

EMGLEX will be expanding to Gainesville, Florida in 2023 as our **first satellite location** for our flagship exchange program!

This past week, founder and director Dr.
Asrow along with summer intern Emily
Faulhaber visited the EM residency
conference at the University of Florida to
introduce the program, and begin planning
for next year. It was a great experience, and
wonderful to meet everyone!

We so look forward to working with you, and are so excited to welcome you all to EMGLEX!

Thanks again for your support, see you on September 1 at the virtual conference!!!
