Review by John Giuliani in East Meadow, NY

Project: Install or Completely Replace Wood Flooring

Comments: We contacted Flawless Floors and spoke to the proprietor, Ian Wylie. We were more than satisfied with his professional attitude. He was always courteous and on time. His workers did a terrific job under his guidance. I highly recommend anyone needing any flooring done, whether it be hardwood installation or tile installation, to definitely call Flawless Floors if they want a competent job done at a very reasonable cost.
