

# QUILTOPIA'S QUILTING DESIGN CATALOG

Quilting designs shown in Quiltopia's Quilting Design Catalog are included in the cost of long arm quilting unless it specifically says "Dense Quilting \$\$\$" which means additional \$0.005/square inch may be charged.

Looking for something specific? Please discuss your ideas with [Jill@QuiltopiaCanada.ca](mailto:Jill@QuiltopiaCanada.ca) who can suggest options. Alternatively, you may browse some of the online catalogs to request a quilting design from:

- Urban Elementz <https://www.urbanelementz.com/catalog-pantograph-download.html>
- Intelligent Quilting [Digital Designs for Computerized Quilting | Intelligent Quilting, Inc.](#)

What makes a great quilting design?

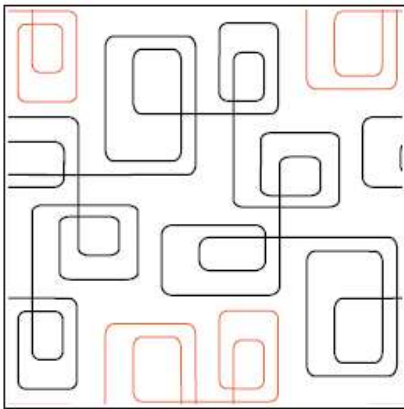

- Empty spaces are no more than the size of your fist or about two square inches.
- Patterns nest well together between rows and repeats are not overly noticeable.
- Quilting lines are spaced well apart and not too dense in some areas and not enough in others.
- Complements the quilt rather than compete with the quilt pattern or design of the fabric.
- Will hide inaccurate piecing i.e don't try to match the geometric pattern in the quilt pattern with the quilting design.

If you select a quilting design that Quiltopia believes would be re-used then we may provide it at no cost, otherwise, a flat rate charge of \$12 applies to E2E/P2B/B2B designs not found in the library.

Some designs may be charged fully to a client, particularly for custom quilting. See [A Bit Orange](#) for examples.
