## **INSTRUCTION SHEET FOR BED BUGS**

**Adherence to these instructions is mandatory in order to properly treat and eliminate any bed bug infestation Before Treatment:**

**1. In all scheduled treated rooms, unplug electrical equipment (computers, printers TV's, DVD's, clocks, etc.) and move equipment away from the walls. 2. Remove pictures from walls, wall plates and electrical covers. 3. Disassemble bed frame (including headboard) and move all items (except heavy/secured furniture or appliances) 2-3 feet away from the walls. 4. Cover fish tank(s) and turn off pump(s). (NOTE: All persons must vacate residence for 4 hours until treated areas are dried, including pets and birds. Persons with ailing health or pregnancy must vacate for 24 hours and/or follow their doctor's orders.) 5. Seal ALL items below in plastic bags and place in the center of the rooms scheduled for treatment:**

- All items inside the closet
- Items under the bed
- Items on top and inside furniture (dressers, desks, cabinets, etc.)
- Bedding (pillowcases, mattress pads, sheets, blankets, etc.)
- Electronics (data disks, tapes, audiocassettes, CD's, DVD's etc.)
- Umbrellas, hats, scarves, shoes,

linens, and towels • Vacuum cleaner bag • All unwanted items (these can be discarded after treatment)

**After Treatment: (Do NOT remove items from infested rooms until AFTER treatment is complete. This**

**prevents bed bugs transferring to other parts/rooms in the property.) 1. Do not enter treated room(s)**

**before the specified re-entry time (4 hours after treatment has been applied). 2. Open windows for 30**

**minutes to ventilate treated areas and reduce potential odors. 3. Keep adults, children, and pets from**

**touching or stepping on treated areas until surfaces are completely dry. Thoroughly wash hands or**

any items that accidentally encounter wet surfaces. 4. Wash infested clothing, bedding and all washable items in hot water, then dry at the highest temperature setting. Items that cannot be washed (drapes, curtains, upholstery, gentle fabrics, etc.) should be dropped off inside a plastic bag at a professional dry cleaner. Include warning signs for each bag, alerting the cleaners of potential infestation. 5. Attempt to determine how your property became infested to minimize the possibility of future infestation.

State Law requires that you be given the following information: **CAUTION-PESTICIDES ARE TOXIC**

**CHEMICALS.** Structural Pest Control Companies are registered & regulated by the Structural Pest Control Board, and apply pesticides which are registered & approved for use by the California

Department of Pesticide Regulation & the U.S. Environmental Protection Agency. Registration is granted when the state finds that – based on existing scientific evidence – there are no appreciable risks if proper use conditions are followed, or that the risks are outweighed by the benefits. The degree of risk depends upon the degree of exposure; therefore, exposure should be limited.

**\* In accordance with the laws & regulations of the State of California, we are required to provide you with the following information:** Structural Pest Control Board (916) 561-8704 Address: 2005 Evergreen St. Unit # 1500, Sacramento, CA 95815 Poison Control Center (800) 777-6476 For Health Questions contact the LA County Health Department (213) 240-8203 For Application Questions contact the LA County Agricultural Commissioner (626) 575-5466
