Dear Professor Carl Cole:

Mr. C, it has been my pleasure over the years seeing the tremendous impact your music and your love and talent have provided to the Rockford community! You, sir, are indeed a gem, a literal treasure, to all who have had the good fortune to know you. Your Young Eagles Success Club has the potential to literally save lives. As the Chair of the Winnebago County Juvenile Justice Council, I look forward to witnessing your ideas, plans and ambitions meet with success! I am so pleased your YES club is a member of the Council. While I appreciate your kind words and acknowledgment of the work I do, I would much rather rejoice in the collaborations with you and the other Council members; much rather continue to work towards a community where our youth are lifting one another up, not striking one another down; would much rather double down to bring the entire community along for collaborations that provide our youth with the chance to be celebrated for their good works.

So, thank you – and may many Blessings be bestowed upon you, your Mission, and the youth in our community.

Sincerely,

Hon. Donna R. Honzel
Associate Judge, 17th Judicial Circuit
