ARTGALLERY**

Yoga Company renowned and trusted boutique lean Art gallery, offers International Award Winning Art to Private Art Galleries, Private museums and Int. Art Collectors Worldwide. Eastern mental disciplines that speak of internal stillness inspire me and the lens helps me seize the physical in photographic stills. I unite explorations in both these interests in my work to bridge the gap between the silence I find within my Self with temporal mirrors of light which surround us. My colleagues would describe my work ethic as excellent and me as a supportive person, easy to work with and with a consistently cheerful and pleasant disposition. Currently, I'm seeking opportunities to expand YogaCompany.in Art Galleries' International Team of Art Specialists to develop and activate International art-market thought leadership.
