

World AIDS Day & Wear RED Activity for your workplace

HIV ACRONYMS and Word Match

Purpose of this activity is to learn more of the acronyms and words associated with the HIV epidemic and the services required for testing and treatment.

Materials

Print the word match challenge on the next page

Procedures

1. Organise a time for individuals or groups to complete the match challenge
2. Draw a line to join the acronym in the red square on the left with a definition in green and an action statement in red
3. Set a time limit for the completion of the completed challenge and offer rewards for correct returns.
4. Ask participants or group of participants to draw a line to join the acronym in the red square on the left with a definition in green and an action statement in red
5. Award prizes at your Wear RED and World AIDS Day activities
6. Discuss the answers and correct the general answers to suit your location. Call B4H for help 7676 2482 or cheat and check the answer sheet on page three

HIV ACRONYMS & WORD MATCH

Solutions next page
