Businesses for Health:
Tuberculosis and HIV

Annual Subscription Investing to reduce the impact of TB & HIV in your workplace

Annual Subscriber benefits

2 TB workplace training places for your TB and HIV team

Rapid response to cases of concern in your workplace

Support to deliver a TB workplace policy, health promotion and case management

Updates on HIV, revision of your BAHA HIV workplace policy and health promotion programs

TB workplace Training

This 3-day course creates 'workplace TB wardens'. Your TB wardens (like fire wardens) can be non-health trained staff who will:

- deliver TB and HIV prevention and management knowledge at the workplace
- enable access to, and success at each stage of the TB testing, treatment and return to work pathway

TB wardens do not replace the work of trained medical staff in TB testing and treatment.

TB Training Course Dates 2019

Port Moresby July 9 – July 11
September 3 - September 5
Lae October 9 -11

HIV workplace policy update workshop 2019

Port Moresby September 27

Your Annual Subscription Includes 2 Free Training Places. Capital Insurance Clients are offered ONE Free extra training place

- Medium 20-99 employees K3000 includes two workplace TB training places
- Large 100 + employees K5000 includes two workplace TB training places
- Additional TB Trainees K1500 per person

Businesses For Health continues the work of BAHA (The Business Coalition Against HIV & AIDS) in response to the high rates of TB, drug resistant TB and HIV/TB co-infection in PNG. Businesses for Health Papua New Guinea is a registered not for profit association. We are supported by private sector sponsors, the Australian Government, network subscriptions and TB workplace training fees.
