

Joe Walker Rendezvous 2026

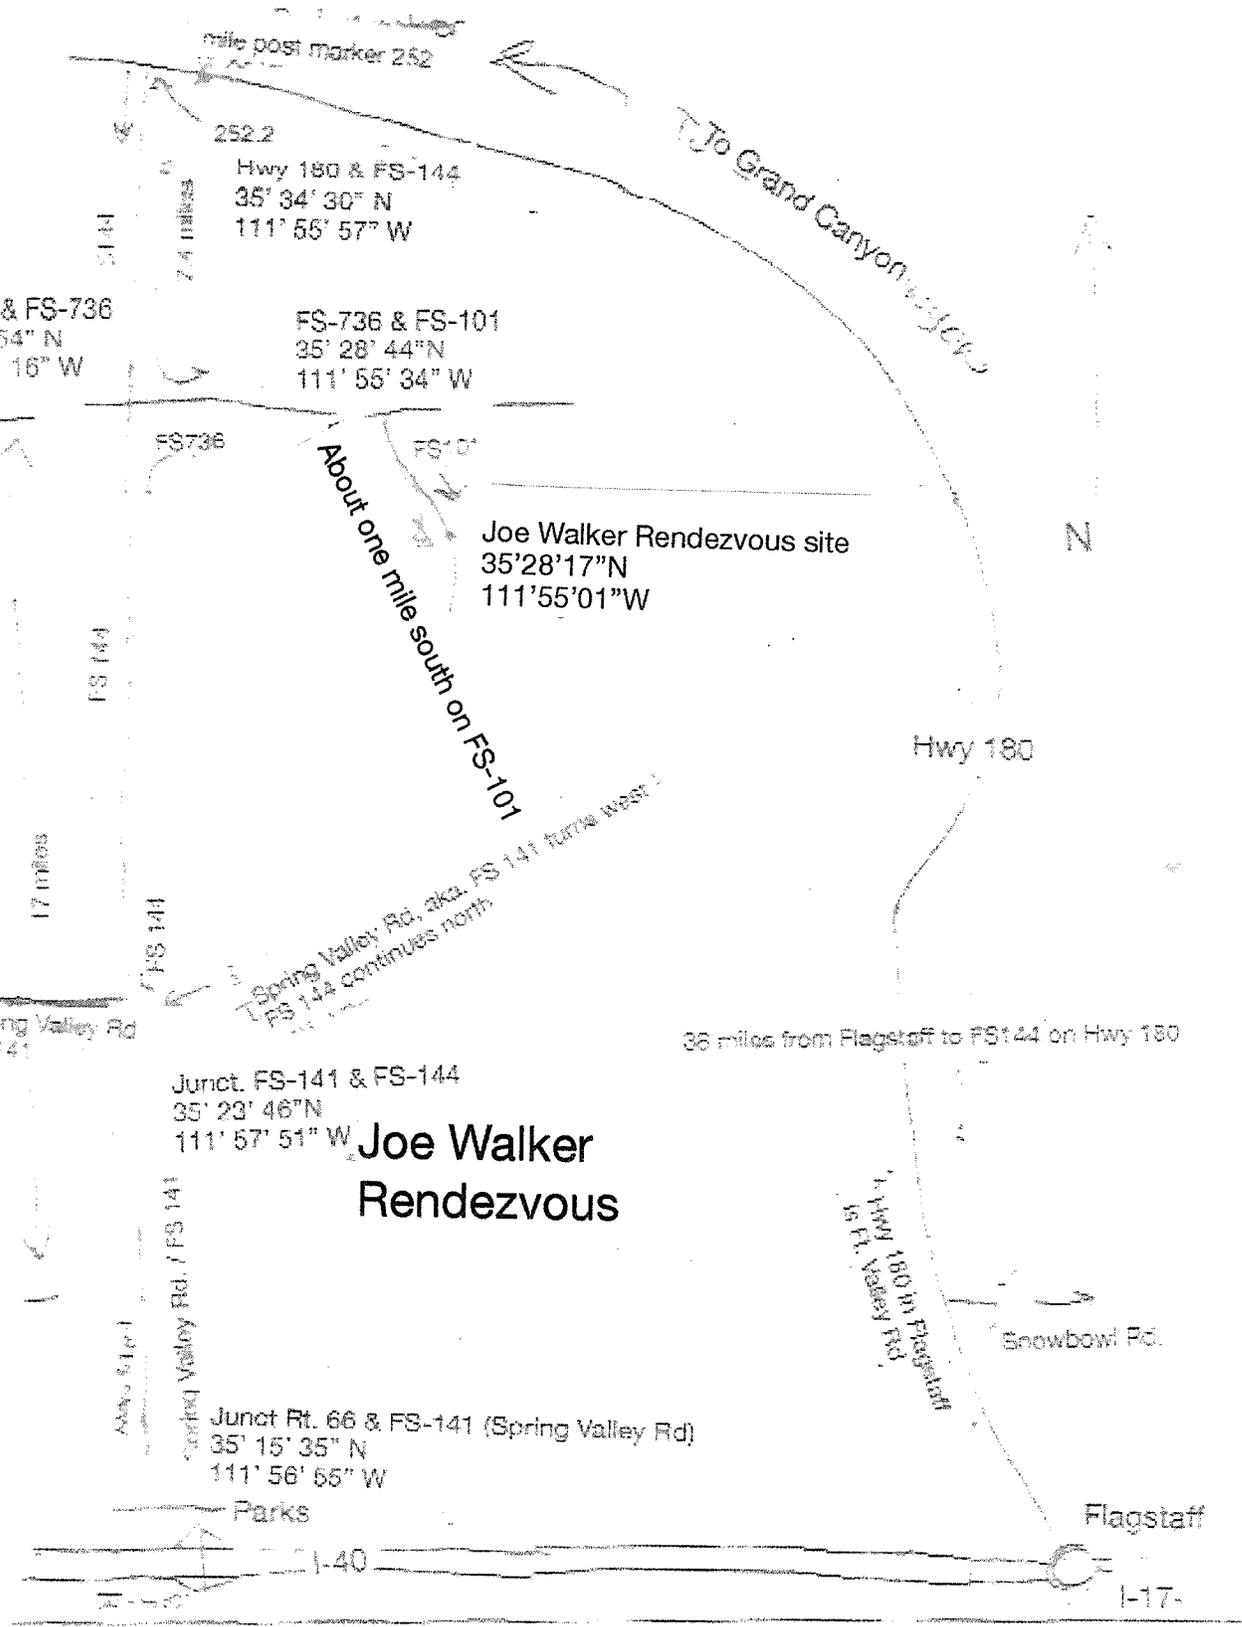

Rendezvous is scheduled for April 9th, 10th, 11th and 12th. This is planned to be northwest of the Peaks. Right now the site is dry and free of snow. If it does get snowed in, then plan on the Ash Fork site. Rifle, smoothbore, pistol, archery and hawk and knife. Possible poker shoot. The area has down pine for firewood. Do keep checking the Kaibab National Forest website for fire restrictions. At this time fire danger is moderate. Bring water.

Day visitors are always welcome. \$10.00 to camp, \$10.00 to shoot. Bring blanket prizes.

I will be setting up my camp on the 9th. Ranges will be set up the morning of the 10th, roll up your camp on the 12th.

Notice to the Powderhorn Clan. Lightning informed me February 3rd that Shadowman, Dale Drew, had gone under. I always found him to be great source of knowledge.

March 21st, 22nd we are scheduled for a mountain man show and tell weekend at Fort Verde State Park. I will be setting up my camp and display on Friday the 20th. All are welcome to participate. Let me know, if you need display tables.

May 1st, 2nd and 3rd I will be launching my canoe on Blue Ridge reservoir for a trek. May be a long trek, may be a short trek. Depends on water level. I will find a place to set up camp.

If you need more information, contact me. 928-699-2925, frush526@dragonschoice.com, or viejo,malo526@gmail.com.
