Presenters & Topics

Aaron Singleton

Medical Intuitive | Energy Healer | Inventor | Visionary

Claudia Sanchez

Medical Intuitive | Energy Healer | Animal Communicator | Teacher

Aaron and Claudia, of the Way to Balance in Amesbury, MA, will introduce the Energy of Life Process as it came to Aaron in 1994 while teaching massage at the Cayce/Reilly School of Massage in Virginia Beach, VA. All attendees will receive the Energy of Life, experience the flow throughout the body, and get a chance to benefit from the healing potential of this powerful process. Experience the energy of Ra as mentioned by Cayce, and the energy of the Egyptian Ankh. Aaron and Claudia will give insight into the cause of numerous illnesses and conditions as time allows. Many Cayce remedies have survived the test of time without needing to be improved upon so bring your questions and concerns and let's revive ideas that have survived for nearly 100 years.

Maria Forland

Spirit Artist | Medium

A passionate advocate for Spiritual development, Maria serves Spiritualist groups with inspirational speaking, Spirit Art-Mediumship demonstrations, events, and creative training. Attuned to guiding energies she refers to as the Ancients of Blue Light, they helped her to create the two-handed drawing method that now permits her to serve as a creative vessel to draw a Spirit person's face. Always blessed to help them through, perhaps a loved one in Spirit will come through for you!
