**Proposed HCCL By-Law
Change -
Needs Immediate
Attention**

Dear HCCL Members:

Based on our experience in recruiting board members, we propose the following change to the bylaws. Our bylaws state that all changes must be approved by a vote of the membership in a special meeting.

The Board is calling a special meeting immediately after service on **Sunday, January 14, 2018**. This meeting should take no longer than 15 minutes as this is the only agenda item.

Sincerely,
Dr. Deb, Board Chair
HCCL Board of Directors

Article 7: Board of Directors

1b. The Directors, with the

Last month we worked on calling in the Light of Truth and Love. We learned that Light dispels the darkness, creates miracles, and opens up the Universe.

This month we are going to integrate the Light to continue the process of becoming stable, emotional, energetic units of the Light.

The world needs our brightest Light to help banish the false ideas of fear and limitation. We will learn how to expand our consciousness and anchor it in reality. Join me for this first month as we embark on a Happy New Year!

"What is unknown to many today is that this state of beingness is within reach of all who choose this state of existence. It is the Heaven on Earth that was promised to the children of Abraham eons ago. So many of the children, however, are still in darkness, and cannot see that Heaven is truly right before their eyes. They must learn to accelerate their frequencies and become light, and soon they will remember that the only way to do this is through an understanding of the chakras."

Food Share Reminder

After the lights come down, and the ornaments are put away for another year, there are still people who need your help.

Please remember Food Share of Helena. Bring your food donations on January 21 to help feed hungry people in our community.

Peace on earth and good will towards mankind starts when hunger ends.

January 7: ALL IS MIND

We begin with the most fundamental and essential truth of the universe: ALL IS MIND. The universe and everything we know about the universe exists within this pure, energetic field of light. Nothing is outside this principle because everything is composed of light.

January 14: Accessing the Field of Light

Silence is an important key to accessing the Field of Light. When you are quiet, you become a stable, energetic system. Silence enables your mind to use the Light for creation and manifestation.

January 21: Healing Disruptions in the Force Field

What causes disruptions in the force field? Your separated mind. Separation is a momentary hiccup unless you make it a life pattern. All healing takes place in the Light, which reveals Truth.

January 28: May the Force Be with You

We are co-creators with God, capable of merging heaven and earth through the right use of Light. As Yoda would say, "Do or do not. There is no try."

HCCL Presents... The Jean Frances Home Christmas Tree of Love

Thank you to everyone who contributed and who helped create the Jean Frances Home Tree of Love. Your generosity was stunning, as was the tree! This goes down in HCCL history. "We done good!"

On Thursday evening, December 21 (the 8th day of Christmas), the family in the picture and every current resident of the Jean Frances home came to receive this remarkable present. They disassembled it, loaded it up, and were on their merry way; even the ribbon was packed up. They were astonished and grateful!

Teachings of Rumi

"It is said that after Muhammad and the prophets revelation does not descend upon anyone else. Why not? In fact it does, but then it is not called 'revelation.' It is what the Prophet referred to when he said, 'The believer sees with the Light of God.' When the believer looks with 'The believer sees with the Light of God.' When the believer looks with God's Light, he sees all things: the first and the last, the present and the absent. For how can anything be hidden from God's Light? And if something is hidden, then it is not the Light of God. Therefore the meaning of revelation exists, even if it is not called revelation."

Animated Version

From the director of The Lion King comes a new animated classic, based on one of the most beloved and bestselling books of all time, and brought to life by some of the most acclaimed animators from around the world.

In a Mediterranean seaside village, Kamila (Salma Hayek) cleans house for exiled artist and poet Mustafa (Liam Neeson), but the more difficult job is keeping her free-spirited young daughter Almitra (Quvenzhané Wallis) out of trouble. The three embark on a journey meant to end with Mustafa's return home – but first they must evade the authorities who fear that the truth in his words will spark rebellion. Take a journey that critics call "gloriously uplifting and life-affirming" (IndieWire), "profound" (Variety), and "a celebration of life, freedom, and the human spirit" (The National).

"When a person begins to assume a higher state of consciousness, the Higher Self brings experiences and lessons to the individual that build character. The Higher Self defines personality characteristics that need refinement or strengthening and brings lessons with individuals (opponents) into a person's life to help that individual understand how to grow in the Light."
