

PRAIRIE FALCON FOOTBALL

"EARNED NOT GIVEN"

Future Prairie Football Families,

My name is Junior Miller, and I am the head football coach at Prairie High School. I would like to take this opportunity to introduce you to Prairie Youth Football. The success of any High School program is the strength of the youth program. Prairie has always had its struggles in numbers at the high school level and I'd like to share why that is.

When I returned to PHS this past season, it became extremely clear to me that the youth football level component was missing. With the help of my current coaching staff, the current youth football staffs, we have now put into place Prairie Youth Football. Our neighboring schools, (Union, Mt. View, Heritage, Camas, Ridgefield), all have this type of program in place. The program is ran within the Clark County Youth Football (CCYF) program.

I will personally be involved with the selection of all head coaches for our feeder teams. All coaches will be "Head's Up Football" certified through USA Football & CCYF training programs. These coaches will also be equipped with drills, playbooks, and other pertinent info from the high school program to ensure as they enter Prairie High School, they are ahead of the game and can get off and running a lot faster

The goal of this program is to teach all players to love the game of football by teaching proper fundamentals with a competitive spirit while having fun. Whether a player plays only one season, or plays all through their high school years, we want everyone to have a positive football experience. The ultimate goal is to make Prairie Football into a great program with a long tenure of success and continuity.

The Prairie Youth Football program is open to all children in grades, kindergarten through 8th Grade. Registration is open now. Please see flyer and QR code to get registered.

Come join us for a terrific Prairie Youth Football season!

Please contact me directly if you have questions.

Best,

Junior Miller
Head Football Coach
