#### **NEWSMAKER IN THE NEWS**

Our founder and CEO, Jackie Bruno, was featured in *Boston* magazine's
February 2023 edition! Her article talks about the importance of taking a break, and how taking a step back from news led to a breakthrough in her life. Her most recent Connect-Her event was a celebration of courage and vulnerability.

"I do want people to know that sometimes it's okay to pause and take a step back. Sometimes, it is the only way to move forward."
